1st Annual Meeting Weekend, May 2023

ABOUT US

We are a diverse group of individuals who meet monthly and share a keen interest in the writings of “Billy” Eduard Albert Meier and his on-going contacts with an extra-terrestrial race, known as the Plejaren. The group is open to anyone who has an interest in the Billy Meier UFO case and information disseminated by FIGU in Switzerland. As a group, we strive to learn from each other, study together for our individual and collective development and promote the FIGU mission in England.

INTERVIEW WITH FIGU CORE-GROUP MEMBER Brigitt Keller

1. PLEASE INTRODUCE YOURSELF. (NAME, OCCUPATION, PLACE OF BIRTH, BACKGROUND, INTERESTS ETC.)

My name is Brigitt Keller, born in 1950. I grew up in the canton/region of Graubünden, in Klosters with 3 siblings. My parents owned and operated a children's home with a private school, which I also visited. Later I learned the occupation of the hotel manageress and at the age of 19 I began my teaching/training/apprenticeship as a nurse. I also practiced this occupation in various areas up to my retirement. In my youth I loved sports, particularly the skiing and any other outdoor activity. I also really liked to read. For 35 years I have been a member of the Core Group. Two years ago my life-partner died. He was ill and I cared for/nursed him for several years - a rich and beautiful time. Now a new partner is in my life. Otherwise, because my full occupational and private workload and my membership in the Core Group were and are demanding, not much time is left for me to pursue a particular hobby. My priorities focus themselves on the FIGU.

2. WHEN AND HOW DID YOU LEARN ABOUT BILLY/FIGU/GEISTESLEHRE AND COULD YOU GIVE US AN ACCOUNT OF YOUR PATH TO BECOMING A FIGU CORE GROUP MEMBER?

When I heard about Billy's writings 37 years ago from an acquaintance and intensively occupied myself with them right away, I knew straight away that I had found that which I had always searched for. At home I grew up in a

Catholic tradition, but I felt/knew, when I really became capable of thinking, that much was, or rather is, wrong with the religions. Therefore, my Ziel laid clearly ahead of/before me; it meant FIGU, study of the teaching of the truth, teaching of the Creation-energy, teaching of the life and directing myself according to the creational laws and recommendations to the best of my powers.

3. YOU SAY THAT AS SOON AS YOU FOUND OUT ABOUT FIGU IT MEANT YOU DECIDED TO DIRECT YOURSELF ACCORDING TO THE CREATIONAL LAWS AND RECOMMENDATIONS TO THE BEST OF YOUR POWERS. NOW THAT YOU HAVE DONE THAT FOR 37 YEARS, WHAT ADVICE WOULD YOU GIVE TO SOMEONE WHO WANTS TO CONTRIBUTE TOWARDS THE FIGU MISSION BUT WHO IS LESS EXPERIENCED (PERHAPS 1, 5 OR 10 YEARS INTO THE STUDY OF THE TEACHING)?

To direct oneself to the creational laws and recommendations, one does not have to be with the FIGU for many years. If someone seriously concerns themselves with the teaching, he/she ought to do it for himself/herself, and indeed for oneself first and foremost. Therefore he/she lays the foundation stone for it, that something in the world changes and therethrough the cognition and the wish also ripens in him/her to bring oneself more and more into the Mission and to actively support it.

4. WHAT ARE THE MOST IMPORTANT THINGS THAT YOU HAVE GAINED FROM THE CREATION-ENERGY TEACHING?

The most important cognitions are that only the reality counts/matters, that nothing is believed, rather everything must be questioned, that there is no god and I search for/seek and fathom my way myself and have to act correctly, that the law of causality applies down to the smallest iota. Therefore I largely have my life in my own hands; what I make out of it depends on me.

5. IF YOU COULD GIVE SOME ADVICE TO OTHER FIGU GROUPS, FROM YOUR EXPERIENCE AS A CG MEMBER, WHAT WOULD THAT ADVICE BE?

Study the teaching of the truth, the teaching of the Creation-energy, the teaching of the life and all writings by Billy that speak/appeal to you. Try to make the wise tuitions/instructions your own and integrate them into your life. Be authentic, but also (be) a team player in the group, so that it not only goes well for you, rather also for your fellow-participants/collaborators/peers/comrades-in-arms. You are not better than the others, each of us tries to bring his/her own capabilities to the group and the Mission and therethrough also to exemplify to outsiders how life according to the Creation can/is to be lived.

6. IN YOUR REPLY TO QUESTION 5 YOU MENTION THE IMPORTANCE OF BEING AUTHENTIC. PLEASE COULD YOU ELABORATE ON THAT FOR OUR READERS? WHAT DOES BEING AUTHENTIC, IN THIS CASE, MEAN? HOW CAN WE BE AND REMAIN AUTHENTIC? WHY IS IT IMPORTANT TO BE AUTHENTIC REGARDING THE TEACHING?

For me, to be authentic means to be myself, not to give myself differently than I am and think, and to speak, to think and to act how I see fit and as it also is in the sense of the teaching of the truth, as I understand it and try to live (it). That does not mean that I have to

tell everyone all about what I think, if I am not asked about it. But if I am asked why I think or act so, then I don't bend, rather (I) say and clarify it openly and honestly in the most neutral way possible, without judging or violating anyone.

7. IF YOU COULD TRAVEL BACK IN TIME TO TALK TO THE 18-21 YEAR OLD YOU, WHAT WOULD YOU SAY/ WHAT ADVICE WOULD YOU GIVE YOURSELF?

You find your own way, if you only perseveringly search for it. If you have found it, deviate from it no longer. With my present/current knowledge I could have spared myself many detours - but they have also made me stronger.

8. WHAT IS YOUR FAVOURITE BOOK AND WHY?

OM and quite a few other books by Billy which concern themselves with the teaching and life-help. With the details of the universe and the like I can't do/don't understand much, (but) for that sufficient time probably still remains for me in later life.

9. WHAT MUSIC DO YOU LIKE TO LISTEN TO?

Classical and harmonious music of other directions.

10. WHAT DO YOU LIKE TO DO IN YOUR SPARE TIME?

To meet with my partner, with friends, the family, cycle, walk, read etc.

11. WHICH HUMAN BEINGS (AND/OR WHAT OTHER THINGS) HAVE INFLUENCED YOU AND YOUR LIFE THE MOST?

Indeed, I have Billy to thank for the most influential influence but also my parents, my siblings, some/a few teachers and friends were important in my life.

12. YOU MENTION BILLY AS BEING THE MOST IMPORTANT INFLUENCE ON YOUR LIFE. BEING A CORE GROUP MEMBER FOR SO LONG YOU MUST KNOW BILLY IN A WAY MANY OTHERS DON'T. APART FROM HIS WRITINGS AND THE TEACHING THAT HE DISSEMINATES, HOW HAS BILLY INFLUENCED YOU SO GREATLY?

Billy is the wisest and most upright/sincere human being that I have ever come across. For me, he embodies the love of the Creation in its purest form. With other words: To me he is an invaluable example and I am thankful to personally know him as a human being and proclaimer. He has an open ear and sage counsel/guidance for each of his fellow human beings, if he is asked for it, no matter what time it is. Therefore I don't want to say that I idolise him or (do) not see that he also, like all human beings, has and may have errors and inabilities. It is simply like this, that I feel great high regard and deep friendship and gratitude for him. I myself will not even attain the initial stages of what he has done for all of us, but that troubles me not, for my task in the life is different and I am content with that which I can bring forth.

13. BEING PART OF THE CORE GROUP IS CLEARLY A MASSIVE COMMITMENT. IS THE TIME COMMITMENT THE HARDEST THING TO OVERCOME OR ARE THERE MORE DIFFICULT CHALLENGES THAT US OUTSIDE THE CORE GROUP ARE NOT AWARE OF?

Yes, I would say that the time burden is the most demanding. I certainly am happy to do this, as it is important to me to relieve other members who are still more burdened than I. So, for

example, I voluntarily cook twice a week at Hinterschmidrüti. About that I must mention that it was a life long balancing act to fulfil, the FIGU on the one hand, (and) the private life and the partnership on the other - that was not always simple and it is still not today.

14. CAN YOU TELL US MORE ABOUT THE DAY-TO DAY RESPONSIBILITIES OF YOUR ROLE AS A FIGU CORE GROUP MEMBER?

As I already said I cook twice a week for the Core Group members who live at the Center. I usually do that on the 1st weekend (of the month) as well, together with others who like to cook. It can also be that other house- or garden-works are necessary. On the 1st weekend (of the month) our monthly meeting takes place, there as many Core Group members as possible are at work in the Center. Then there are still the group and peace meditations on the 1st and 3rd weekends (of the month) and the Core Group meeting on the 1st weekend (of the month). Together with the other members each evening we take turns to do night-watch in the Center, and on holidays ideally 3 Core Group members do Sunday-duty. Drawing lots decides the sequence and composition. Then, also on Sunday, we keep the house and yard in order, provide for food on the table and look after visitors. With 2-3 other members I am active in the correction group. As far as my activities go, which are formed a little differently for each of us; some are more involved, others less so, according to possibility and distance to the Center. How one occupies oneself with the writings is individual and is left to each member.

15. YOU WORKED AS A NURSE AND IN VARIOUS OTHER SUCH ROLES. DID YOUR KNOWLEDGE ABOUT THE CREATIONENERGY TEACHING GIVE YOU A DIFFERENT VIEW INTO YOUR WORK/OCCUPATION? DID IT GIVE YOU ADVANTAGES OR DISADVANTAGES IN YOUR WORK COMPARED TO YOUR COLLEAGUES? WOULD YOU LIKE TO SHARE ANY NOTABLE EXAMPLES, EXPERIENCES OR EVENTS?

Before I came into contact with the Creation-energy teaching I already had a rational view/ eyesight on the life, a good dealing with my fellow human beings, with the work colleagues (male and female) and the patients, perhaps that is why I was open to the teaching. But this has formed me insofar as I was able to gradually liberate myself from religious and other hindering forms. I became freer in myself and also trusted my inner voice more, (I) became more independent from external influence. In particular, in order to mention an example, the Creation-energy teaching helped me in terms of the dealing with dying and death. I completely left behind me the diffuse sword of Damocles of heaven and hell, devil and purgatory, of repentance and atonement, of punishment and condemnation by a 'dear' god in heaven who judges you as a humble lamb according to your actions. According to all the knowledge that I have created I now await the death without torment and I can also pass on a little bit of this certainty, at least non-verbally, to those dying and (their) relatives. Which does not mean that the dying itself can not bring uncertainties and fears. To think that would be presumptuous, for that is not so. In my other professional sphere I never met resistance because I did not hawk my knowledge I had created. On the contrary, I think that I radiated stillness and confidence, which others felt as mainly well-doing, without them questioning it.

16. DO YOU HAVE A PARTICULAR INTEREST IN A CERTAIN AREA OF THE CREATION-ENERGY TEACHING (MEDITATION, CREATION, CONSCIOUSNESS ETC.)? IF SO, PLEASE TELL US ABOUT IT AND WHY?

My particular interest is where I personally progress in my development. My main priorities are the interhuman values, and I find that in many books. Naturally I practise the personal meditation, but my core-competence is not there as I can not concentrate as I would like to. But since the entire life can be meditation I console myself with the fact that I get my money's worth with my daily activities.

17. YOU WROTE THE FOREWORD TO FLUIDAL-POWERS FOR THE BOOK "ABOUT THE FLUIDAL-ENERGY RESP. FLUIDALPOWERS AND OTHER THINGS". HAS THE KNOWLEDGE REGARDING FLUIDAL ENERGY BEEN OF PARTICULAR INTEREST TO YOU? AND IF SO WHY?

I began to interest myself in everything about the fluidal-powers because we heard/found out quite a lot about it in many conversations with Billy and one question replaced the next (question). So it could not fail to appear that I was really eager to find out everything (which can only really be a small part).

18. IN YOUR EXPERIENCE IS CONSCIOUS SENSITIVITY TO FLUIDAL-ENERGY AND THE UTILISING OF IT FOR EVOLUTIVE DEVELOPMENT COMMON OR DOES THIS STILL REMAIN A RARE CAPABILITY?

My consideration/opinion is that the use of the fluidal-energies at our stage is mainly of unconscious/subconscious importance. I am certainly speaking about myself. Nevertheless it is important and exciting to know as much as possible about it.

19. YOU HAVE MENTIONED THAT SOME OF YOUR FAVOURITE BOOKS CONCERN THE TEACHING ABOUT LIFE-HELP, IN THIS REGARD, WHAT HAS BEEN THE MOST DIFFICULT HURDLE FOR YOU TO PERSONALLY OVERCOME AND HAVE YOU ACHIEVED YOUR GOAL?

When I discovered Billy's books, I literally devoured them but at the beginning I had trouble with the hard language, as it, for example, came across in one of the first books 'Ein offene Wort/An open word'. Naturally, that was connected with my still not overcoming belief in a 'dear god' who may be sitting somewhere, in the church and its representatives and so on. Only gradually I comprehended that the truth about this devastating delusional belief construction can not be imparted in any other than an absolutely relentless language. Meanwhile I express myself accordingly if the subject arises. In which case it must be clear that no human being who is connected to a belief may be personally attacked. Otherwise I had no personal hindrances to overcome at all.

20. YOU HAVE STUDIED THE CREATION-ENERGY TEACHING FOR 37 YEARS, HAS THIS HAD A PROFOUND EFFECT ON YOUR PSYCHE? COULD YOU GIVE ONE OR MORE EXAMPLES OF THE CAUSE AND EFFECT WITH REGARDS TO ANY CHANGE IN YOUR THINKING?

What concerns the Psyche, the most I can say is that I have learned to get around with it a little bit better when it isn't going so well for me. That is, like everything else, a life long learning process, and I am aware that I may never rest on 'my laurels'. Otherwise, the question has already actually been answered adequately, which concerns my life-attitude and therefore also my thinking and what has led me to think how I think and feel. I generally do not take (with the usual exceptions and the subsequent 'falling on my face') what I read and hear at

face value, rather try to fathom whether it corresponds to the reality and it's truth.

21. CONSIDERING THE WORLD TODAY AND THE CURRENT EVENTS, IF YOU COULD SAY A FEW WORDS TO YOUR FELLOW HUMAN BEINGS, WHAT WOULD THOSE WORDS BE?

Provided the fellow human being wants to hear it, I advise them to seriously study oneself and the reality and truth outside of him/her carefully, which I could say differently, to concern himself/ herself with the teaching of the truth, teaching of the creation-energy, teaching of the life. He/she ought to try to become **a true human being**, (ought to try) to learn and cultivate love for the next one, truthfulness, honesty, lenience, equalisedness, power of action, patience, altogether ethics and morals etc. Like this he/she would comprehend that it does not pay to run after superficial enjoyment and the money and he/she would find out that our world is not going to the dogs by chance and each human being must contribute his/her part to it that sometime light and confidence and peace come back to/over this planet again. Clarification work regarding the overpopulation, from which all misery of the world grows, would also be an important task that should be taken to heart.
